ABOUT THE *Brand*

**INSPIRED BY NATURE,
CRAFTED BY NEELKANTH**

With over 4.5 million sq. ft. of integrated manufacturing space across 8 advanced units, Neelkanth Pvt Ltd stands as a premier name in the Indian furniture industry. From seasoning and chemical treatment to manufacturing, polishing, finishing, and packing, we deliver end-to-end solutions under one roof

VISION

To be a global leader in the furniture manufacturing industry by creating sustainable, innovative, and aesthetically pleasing designs. We aim to expand our reach to new markets while ensuring our commitment to quality and environmental responsibility.

MISSION

Our mission is to deliver high-quality, handcrafted furniture that combines traditional craftsmanship with modern design, sustainability, and customer satisfaction. We aim to continuously improve our processes and innovate to provide the finest furniture solutions worldwide.

OUR *Products*

At Neelkanth Pvt Ltd, we specialize in crafting an exquisite range of Dining, Living, and Accent Furniture. Our creations are made from the finest woods, including Sheesham (Indian Rosewood), Acacia, Mango, and Oak. To elevate the elegance of each piece, we seamlessly combine these premium woods with metal, stone, and glass, creating timeless designs that marry traditional craftsmanship with contemporary aesthetics.

Product range in solid wood furniture:

- Dining Rooms
- Living Spaces
- Accent Pieces

OUR *Infrastructure*

Neelkanth Pvt Ltd across 8 manufacturing units spanning a massive 4.5 million square feet of operational space. Our facilities are fully equipped with modern machinery and are supported by a highly skilled workforce of over 650 artisans and experts.

Facility and Capacity:

- In-House Seasoning & Chemical Treatment: Capacity of 150,000 cubic feet/month.
- State-of-the-Art Machinery: Ultra-modern imported equipment ensures premium quality and precision.
- Monthly Production Capacity: 125-150 high-cube 40' containers.

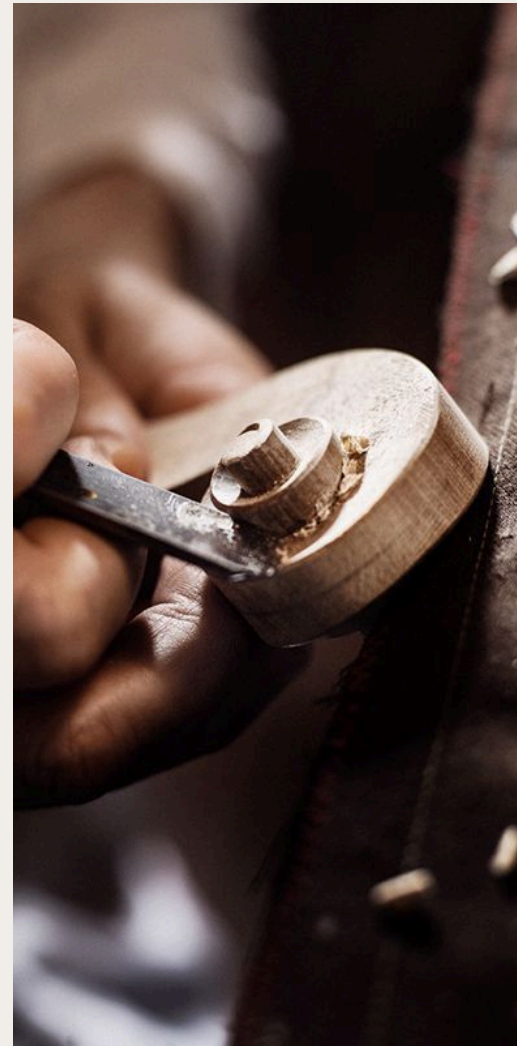

WORKFORCE & *Expertise*

Design Innovation

Our structured design-to-production process includes:

- Design Brief (Trends, Seasons, Buyer Inputs)
- Concept Development
- Fair Sketching (1:1)
- CAD Design & Technical Drawings
- Buyer Feedback & Revisions
- Pre-Production Samples with Final Finishes
- Mass Production Post Approval

GLOBAL *Presence*

With a strong foothold in 24 countries like USA, Germany, Spain, and France, Neelkanth Pvt Ltd has become a trusted name worldwide. We continuously innovate to meet the evolving tastes of global customers while maintaining the highest standards of craftsmanship.

WHY NEELKANTH?

- End-to-End Manufacturing
- Skilled Workforce with Institutional Expertise
- Modern Infrastructure & High Production Capacity
- Eco-Friendly Operations
- Timely Deliveries & Global Export Experience

Sustainability at Heart

Neelkanth Pvt Ltd is committed to clean energy solutions. Our 800 KW rooftop solar power plant at our Boranada (Jodhpur) facility supports a greener future and reduces our environmental footprint.

OUR *Team*

We are powered by a dedicated workforce of over 650 skilled and semi-skilled professionals, including:

- Master Artisans
- Experienced Managers
- QA Teams at Every Stage
- Creative Designers & Merchandisers
- Certified Woodworking Experts

We proudly offer equal employment opportunities to women and currently employ 7 wood experts certified by the Forest Research Institute (FRI).

OUR Gallery

OUR Certificates

We are recognized by best repeated cretified agencies for having effective formalize management systems for strict evaluations of quality norms and ensure that products and services are delivered to specification. Our commitment to upholding these standards is unwavering, and it reflects in the exceptional quality of our offerings.

We take pride in the fact that our products and services not only meet but often surpass the expectations and requirements of our clients and stakeholders. This dedication to quality assurance is a cornerstone of our operational philosophy and is integral to our reputation as leaders in our field.
